I will be out of the office from July 26 through September 16. During that time Jason Gumbs will handle your on-highway and NRCI questions applications. Melvis Strickland will be responsible for IMO and Marine CI

For on-highway engines (Victor), the only thing pending is a CA only FEL change and a CA only application. Neither have been issued a CARB EO.

Cummins has a **CBI/ Ex. 4** I am awaiting a response from Don

From the NRCI side (Scott and Don), there is nothing pending.

Mike has a stationary engine label approval pending.

If you have any questions, Jason can be reached at gumbs.jason@epa.gov or 202-343-9271. Melvis can be reached at strickland.melvis@epa.gov or on 202-343-9323. Khesha can be reached on 202-343-9499.

Thanks
